BALL PLAYERS ARRIVE.

Pitchers Joseph Surrency of Bowling Green, Fla., and A. M. Skinner of Clay City, Ky., who were received in trade from Toledo Wednesday for Pitcher McGraynor, arrived Friday night for a tryout with the local club.

Manager Jones and the rest of the crew will arrive early in the week and work will begin. The Finance Committee will be around next week to solicit the balance of the money to back the team.

WE WISH WE COULD INVEST OUR MONEY THIS WAY.

About a year ago the Chenoweth Drug Company bought several pounds of acetphenitidin at \$2 a pound. Dr. William Hockaday this week sold a single pound of it for \$20 wholesale to a big drug company, the retail price being \$32. "Doc" still has a half pound of it which he keeps under lock and key every night.

Mr. Fithian Fearles of Paris, spent the day here Friday with friends.

BIG DIVIDEND

Declared By Growers Warehouse Company—Stockholders Get 40 Per Cent On Their Investment.

At a meeting of the directors of the Growers Warehouse Company held several days ago a 40 per cent dividend was declared and checks for same are now being distributed to stockholders.

In addition to the above dividend the company installed an elevator, a carload of baskets and built a cellar under the warehouse at a cost of \$1,016.99, which would have been equal to an additional dividend of 10 per cent.

Notwithstanding the amount of tobacco handled by the Maysville houses was short in pounds about one-third, this house is proud of their showing of an increase of about 35 per cent, also their average showing 28 cents per hundred pounds above the market average.

The first season this company declared a dividend of 30 per cent, the second 20 per cent, the third 15 per cent and this year 40 per cent, which shows that it is one of the most substantial warehouses in Maysville, although not the largest.

The officers of the concern are L. T. Gaebke president, W. W. McIlvaine vice president, and J. C. Rains secretary and treasurer.

BOY BADLY BURNED.

Sudduth, young son of Mr. and Mrs. George Royle of Walnut street, was badly burned Friday afternoon when he attempted to get fire to some powder from an old shotgun shell.

He had poured the powder into a hole in the concrete header in front of his home and threw a match into it, which caused it to explode in his face, burning his face, hair, eyebrows and eyes. A physician was called and dressed the wounds and although he was rather severely burned it was not thought that any of them would be serious.

GRAND JURY HUNTING FOR BOOT-LEGGERS.

The Mason county grand jury had before them Friday the representative of the Adams Express Company, railroads and wharves, each with the books of his company, to find out how much liquor is being received by different ones with the view of ascertaining whether or not some are receiving more than necessary for personal use and have been bootlegging.

INSTALL ELECTRIC PLANT AND MOVIE MACHINE.

Messrs. J. Albert and Howard L. Hill have just returned from Sardis where they installed an electric plant storage battery and motion picture machine for the Wheatley opera house. The electric plant is a large one and it is thought that the town of Sardis will be furnished power from the plant some time in the near future.

HERE'S ANOTHER ONE.

(Frankfort State Journal.) Earl Green, agent of the Buckeye Garment Company, who was indicted by the grand jury for promoting a lottery, was arrested yesterday when he came to this city to make the weekly collections for the company. He was dismissed on bond furnished by D. D. Smith.

HUNTINGTON GETS BERTH.

Auburn, N. Y., April 15.—Secretary John H. Farrell of the National Association of Professional Baseball Leagues, announces yesterday that the franchise and players of the Ironton club in the Ohio State League have been transferred to Huntington, W. Va.

INDICT VILLA

Deming, N. M., April 15.—The county grand jury, which has been investigating the Columbus raid, returned an indictment yesterday against Francisco Villa, charging him with murder in the first degree. Similar indictments were returned against two of the eight bandits captured after the raid.

FRANKFORT WANTS KELLY.

(Frankfort State Journal.) A prospective deal for "Goat" Kelly of Maysville, in exchange for Mueller and Kimble is in the air and if Manager "Jimmie" Jones and "Ducky" Holmes can get together, the Maysville infielder will be seen in a Frankfort uniform.

DIRECTORS ARE ELECTED.

Flemingsburg, Ky., April 15.—The annual meeting of the stockholders of the Flemingsburg Light and Ice Company was held this week and the following directors were elected for the ensuing year: J. H. Power, John P. McCartney, J. Q. Grannis, C. E. Rhodes, Ober Collins, C. E. Cooper and John W. Hedlin. The election of the officers was postponed.

Dr. William Hicks of Washington City, is spending a few days here with friends and relatives.

Misses Estella and Claudine Nash of East Second street, are visiting relatives at Cottageville.

Mr. Robert Lurley of Louisville, was called here by the death of his niece, Miss Margaret Flowers.

The parlor of the F. H. Traxel confectionery is being repainted and re-papered preparatory to the spring and summer rush.

We have installed the latest improved Carpet and Rug cleaning machine on the market. Telephone us and we will clean and deliver your Rugs and Carpets on short notice. MODERN LAUNDRY CO.

ANOTHER EXPERT ACCOUNTANT WANTS TO AUDIT CITY BOOKS.

Mr. R. E. Morrison, manager of the American Auditing Company of Cincinnati, was here Friday conferring with the city officials in regard to auditing the city books. He stated that the cost would be \$15 per day for the supervisor and \$10 a day for each of two assistants. This company is now engaged in auditing the city books of Covington and are specialists in municipal auditing, having audited the books in Fayette, Franklin, Logan, Kenton and Campbell counties and the cities therein. Mr. Morrison said that in each instance the back taxes collected as a result of the auditing had more than paid for the cost of the work, besides other little discrepancies being found.

KEMPER SHELTON

Purchased From Columbus and Will Manage Huntington Team This Season.

Columbus, O., April 15.—Manager John De Armond of the Huntington baseball team of the Ohio State League, purchased the release of Kemper Shelton, former player on the Columbus American Association team. Shelton will play the outfield for the Huntington team and will act as field manager. The terms of the contract signed by Shelton were not made public.

Shelton and De Armond have been in the city for several days and during that time conferences with Manager Bobby Quinn of the Columbus team, have been held.

It is known that Quinn insisted on retaining strings on Shelton, but the player himself would not agree to the deal. It was then that he and De Armond came here to see the owners of the Columbus team.

Shelton is a Huntington boy. It was for this reason that Manager De Armond made such a strong effort to secure him for his team. It is believed that with his popularity, Shelton will prove a drawing card not only in his home town but on the road.

TO REMAIN IN MAYSVILLE.

Since the selling out of the Electric Shop several days ago a number of people thought that Mr. J. Albert Hill would also quit the electrical business. Mr. Hill tells us that this is not the case and that he and his son, Mr. Howard L. Hill, who has been the machine operator at the Gem Theater for some time, will continue in the business, their place being at their home on Forest avenue. Messrs. Hill are expert electricians and the people of Maysville are glad they are going to remain with us.

Mr. Clifford Wicks of Market street, leaves today for a visit to his brother in Indiana.

TAKES LIFE

Aged Manchester Man Drowns Himself in the Ohio River Rather Than Face Grand Jury.

For several days past two inspectors from the State Liquor Licensing Bureau of Ohio have been in Manchester getting evidence to convict people on bootlegging charges and on Thursday morning they turned over to Mayor Holderness fifty affidavits.

Joseph Thompson, one of the aged and highly respected residents of that city, fearing that he would be caught in the net for having given a drink of whisky to a friend, is thought to have drowned himself in the Ohio river.

An investigation disclosed the fact that Mr. Thompson had occupied his bed the night prior to his disappearance, but before leaving the house had taken everything from his pockets and laid the articles upon a stand. On Wednesday he consulted attorneys in West Union, O., and, although several of them told him that it was probable that he would not be indicted, he was not much comforted.

A search is being made for his body but it has not yet been found.

Drs. Reed and Ranshoff of Cincinnati, were here Friday to testify in the case of Barnett's administrators vs. Brand, now being tried in the Mason Circuit Court.

Mr. E. T. Kirk leaves today for a several days' business trip to Kansas City, Mo.

Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can be but knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.

WOMAN AND HER CLUB.

Occasionally we hear a fellow make a jocular remark about women's clubs. He shouldn't do it. He's in the wrong pew.

Women's clubs are a good thing when properly conducted, just as are the clubs to which men belong.

In olden times much of the visiting was done across the garden fence, but today it is different. Women are more mentally developed today than they were fifty or a hundred years ago, and their knowledge naturally craves an outlet and an opportunity for expansion.

The club is the medium for both.

Our good, up-to-date, progressive Woman's Club in this county does a great deal of good. It at least is a source of enjoyment to the good women of the community, for it brings them into closer touch with each other and enables them to discuss and take measures to cope with the many problems that face our social, municipal and commercial life.

When a body of women get together, each with some idea for the betterment of political or social conditions, the best that is in them collectively will come to the front, and will serve to broaden and develop the moral and material welfare of the community. Women have brains and possess the ability to apply them when afforded an opportunity.

There are many things the Woman's Club could do for Mason county and Maysville. Such an organization exerts a wonderful influence for good and we, for one, are here to encourage it all we can. We like to devote the necessary space in our columns to assist in the good work of the Mason County Woman's Club.

For when our women champion a cause, that cause is invariably a just and righteous one.

After the underwood tariff law went into effect, a railroad running into Birmingham, Underwood's home town, bought steel rails in Canada, though Birmingham is a steel manufacturing city and its mills were then running on short time. No wonder there is hope of electing a protective tariff Congressman in the Birmingham district?

It's a fact we have never set the world ablaze with our editorial genius, but we are a deal too diplomatic to name the prettiest baby the most beautiful woman or the smartest man in town.

The horse never travels faster than its own tail, and the merchant keeps pace usually with the quality and quantity of his advertising. You can always tell.

IN THE COLORED CHURCHES.

The Eastern Star sermon will be preached by Dr. E. W. S. Hammond Sunday afternoon at 3 o'clock. All are invited to attend them at the Bethel Baptist church. Seats reserved for all Masons.

Revs. E. and Alice Cross and S. C. Crutcher closed the big revival meeting at Germantown last Sunday night with ten persons saved and united with the two churches. Rev. Crutcher and band will conduct services afternoon and night, Sunday, at Sisters Temple, East Elizabeth street, East End.

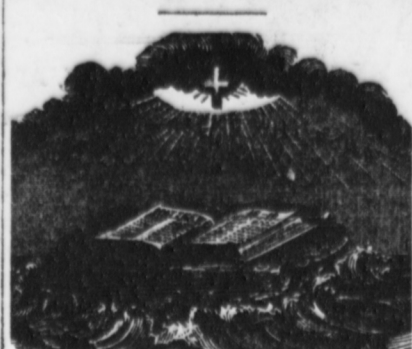

The members of Scott M. E. church, this city, have been unusually fortunate in securing the services of Mr. Richard B. Harrison, who ranks with the most distinguished readers and interpreters connected with the American lecture bureau. He appears under the auspices of the Brotherhood of the church. Mr. Harrison comes with the highest recommendations of the secular and religious press, as a man of rare entertaining ability. Special accommodations will be provided for our white friends, who are cordially invited. The exercises will be held in the church on East Fourth street and begin at 8 o'clock on Monday evening, April 17.

A small washer driven on the tang of a file will act as a stop for the handle and prevent it from splitting.

The possible danger of a "kick back" from an automobile engine when it is first cranked can be avoided if the crank is turned several times before the battery cells are switched on.

Simple rubber fasteners have been invented for holding corks in travelers' bottles.

J. M. LITERAL, Pastor.

Christian Church.

Bible school meets from 9:30 to 10:40 a. m. This is the service for those of all ages; for the Christian and for the non-professor; for the man who knows the Bible truths and for the one who is ignorant and unlearned in the Scriptures. No one is embarrassed by questions asked. All are made to feel at home. May we not expect that the reader of this announcement will make an effort to attend?

On Easter Sunday two specialists in Bible school work will be with us. It will be intermediate day. We must plan on next Sunday to properly observe the day. Special effort will be made to have good singing.

Church services conducted by the pastor at 10:45 a. m. and 7:30 p. m. The choir will have special numbers. The services will be helpful to all who attend. Strangers are always welcome.

The C. E. society will meet at 6:30. They have interesting meetings.

You are invited to attend all of these services.

A. F. STAHL, Pastor.

PAY \$1,000,000 FOR CHICKENS.

(New York Commercial.)

When the Adriatic of the White Star Line, leaves her dock this morning she will have in the cooling rooms 270,000 pounds of frozen poultry, intended for Liverpool, of mostly medium sized chickens. This is the last of the heavy shipments for the season. Two Chicago firms, the meat packers, and two New York firms have shipped in round numbers this winter 5,000,000 pounds of frozen poultry to the English markets. This poultry would average 21 cents a pound, making the value of the total shipments for the season something over \$1,000,000.

Sweet Pea Seed

We have an extra fine mixture of sweet peas this year, and as we grow thousands of them, we know our business when it comes to Sweet Peas.

We pay as high as two dollars an ounce for our forcing varieties, but you do not wish that kind for outside planting; we have an ORCHID FLOWERING mixture that we can sell you at 25 cents per ounce.

We also have the GRANDIFLORA varieties in separate colors if you wish them, and sell them at 15 cents per ounce. The GRANDIFLORA MIXTURE is the best one for outside planting, as they do not grow too tall and bloom much better than any other variety.

The "Barefoot" Tire—and Why.

CONSIDER now the means by which many Tires have been given maximum Traction,—i.e., by means of a "sandpaw" texture in the Rubber of their Anti-Skid Treads.

Every time the Brakes are put on, to make such Tires grip the road, the relatively hard, unyielding, and comparatively brittle, texture of the Rubber in their Treads causes these Treads to grind away on the pavement, to WEAR OUT fast at the point of contact.

The sudden efficiency of their grinding-Traction also tugs so sharply on the Rubber Adhesive between the layers of Fabric in Tire as to separate these layers.

There is little "give" to them—just as there is little "slide" to them.

So, they gain Traction at the expense of Mileage.

Naturally such Tires require a great BULK of such Rubber in order to deliver reasonable Mileage before worn out.

And, therein they differ radically from GOODRICH "Barefoot" Tires.

Because,—the Safety-Tread on Goodrich Tires is made of "Barefoot-Rubber," a new, and exclusive compound which discards unnecessary whitish "frictional" ingredients that are heaviest and inert, as proved by their lighter weight.

HERE is how it acts in Automobiling.—

—When the weight of the Car bears on this clinging "Barefoot-Rubber" Tread, and the power is applied to go ahead or reverse, the wonderful stretch in the "Barefoot" Rubber Sole (or Tread) of the Goodrich Tire acts as a sort of lubricant between the Fabric Structure of the Tire and the Road.

Then, the Barefoot-Rubber "Toes," of the Goodrich Safety-Tread Tire, CLING to the pavement (instead of grinding against it), in such manner as your Bare Foot would cling to a slippery surface—without Grind, and so, with the minimum of Frictional Heat or Wear for maximum Traction.

Goodrich "Barefoot-Rubber" is now made into Goodrich FABRIC Tires,—Goodrich Silvertown Cord Tires,—Goodrich Inner Tubes,—Goodrich Truck Tires,—Goodrich Motor Cycle, and Bicycle, Tires, as well as into Goodrich Rubber Boots, Over-Shoes, Soles and Heels.

Get a Sliver of it from your nearest Goodrich Branch, or Dealer. Stretch it thousands of times, but break it you can't.

That's the Stuff that GOODRICH Black-Tread Tires are made of.

DOPE.

The Huntington O. S. L. team has not yet selected a manager, but it is expected that Kemper Shelton, a native son, will land the job. Shelton has played for several years with the Columbus American Association team, but is having some trouble in coming to terms with that city, and wants to play in the Ohio State League. He would be a valuable man and one welcomed all around the circuit, especially in Maysville, where he was formerly manager of the local team.

Clarence Sims, star hurler of the Charleston Ohio State League team last season, has been released by the Mobile (Ala.) Southern League team and has returned to his home at Lancaster, O. Sims reported late at the southern training camp and because of bad weather, could not get in condition for the opening.

The Cincinnati Enquirer says: "President Tom Russell of the Maysville club, stayed over for the second game and enjoyed it hugely, though he lost a bet on the attendance. The crowd looked so small after the one of the day before that he wagered there were not 2,500 there, losing out by nearly 300."

Outfielder Farrell, a Huntington boy and an old Ohio State Leaguer, has been released by the New York Nationals to Rochester.

NEWLY-MADE GRAVE

At Wallingford Cemetery Arouses Suspicion and Body of Infant Is Found—Coroner Says "Murder"—Arrests Expected.

(Special To The Public Ledger.)
Muses Mills, Ky., April 15.—Coroner Charles Compton of this place was notified by phone late last Sunday afternoon that there had been a child's grave newly dug in the Wallingford cemetery, eight miles west of this place, and requested that an investigation be made. It being thought that a crime had been committed.
Coroner Charles H. Compton, accompanied by Squire J. H. Muse of this place, and Dr. Jesse of Plummer's Landing, went to Wallingford early Monday morning to investigate the case. The services of an undertaker was procured at that place, and they, together with several other parties, opened the grave and found the body of an infant about a week old when buried.

A post-mortem examination was held upon the body and Dr. Jesse said that although he found no marks of violence upon the body, he was fairly certain that death had been caused by strangulation. The remains were reinterred in the same grave.

The body of the infant was in an excellent state of preservation and it was the opinion of the undertaker and the doctor that the baby had been dead about three weeks. The body was nicely clothed and the casket was plain but neatly made.
Suspicion points to a family of that neighborhood and a further inquiry will be made immediately. The incident has caused quite a bit of interest in that community and it is thought that several arrests will be made soon. It is thought that the baby was murdered.

BIBLE SCHOOL SPECIALISTS COMING.

The attention of all the superintendents of the city is called to this announcement of the coming of two specialists in Bible school work. One is the national superintendent of intermediate work and a writer of Sunday school literature, Miss Cynthia Pearl Maus of the American Christian Bible School Society of Cincinnati, and the other is the state intermediate superintendent, Roy K. Roadruck of Louisville. These persons will conduct a special session on Easter Sunday afternoon and evening in the Christian church in this city. All schools in the county should arrange to have one or more persons in attendance as the sessions will be very helpful.
Though these persons come at the invitation of the Christian church, all churches in this community are urged to get some help from their presence here.

NOTICE, REGULARS.

All those who wish to play ball with the Regulars this summer are requested to be at League Park Sunday afternoon at 2 o'clock.

Burns Chapter No. 31, O. E. S., will hold their annual sermon tomorrow afternoon at 3 o'clock at the Bethel Baptist church.

Friends in this city will regret to learn that Rev. J. S. Bailey, for several years presiding elder of the Lexington district of the M. E. church, has been transferred to the Columbus (O.) district. He will be succeeded here by Rev. H. H. Forman. Rev. Bailey was honored by being appointed as ministerial delegate to the general conference of the Methodist Episcopal church at Saratoga Springs, N. Y., beginning May 1 and continuing through the entire month.

EPWORTH LEAGUE SOCIAL.

The social given by the Epworth League of the Third Street M. E. church on Friday evening was a most enjoyable affair. As an added attraction Mr. Raymond F. Muse gave a pleasing entertainment of magic and sleight-of-hand work. The League's Loquacious Literary Ledger was one of the most novel ever written and was highly entertaining. Other social features helped to make up the evening's entertainment.

KROGER STORE TO MOVE.

The Kroger Grocery and Baking Company will move their branch store in this city from lower Market street to the house on East Second street formerly occupied by Frank Eitel's saloon.

Misses Carrie and Anna Rose Zweigart, who some time ago sold their farm at Rosemont to Dr. Moody, will move to Covington to make their home in the near future.

NO!

Learn to say No! It's the biggest little word in the English language. Every day—each hour of the day—there is the temptation to spend money. Yield to it—and you will be poor all your life. Learn to say NO—put every dollar and every penny you can possibly scrape together in your Bank Account here and you will become both rich and successful. If you say NO today to the little things you will be able to say YES in the future to the big things.

"A time comes to the most easy when he must answer 'No,' or go open-eyed to ruin. Then he finds that from long disuse, the word will not shape itself."—Stanley J. Weyman.
